Dear Mr. Logan:

This letter is in response to your recent inquiry requesting additional
information concerning our firm. Ecology and Environment, Inc., has
been retained by the U.S. Environmental Protection Agency under con-
tract 68-01-7347 for the purpose of evaluating candidate sites for the
National Priorities List under the Comprehensive Environmental Response
Compensation and Liability Act (CERCLA), and the Superfund Amendments
and Reauthorization Act (SARA).

Information supplied to the U.S. EPA through CERCLA notifications as
required by Section 103(c) of CERCLA has identified the property in
question as a possible candidate for the National Priorities List. As
part of our evaluation, the U.S. EPA has asked us to perform an on-site
inspection of the property in question. This is the reason for my
request to visit your facility on August 21, 1990 at 8:a.m.

I have attached a copy of the Letter of Introduction provided by the
U.S. EPA for Ecology and Environment, Inc., employees engaged in field
investigation work, which outlines the statutory basis for such inspec-
tions. Also enclosed is a copy of section 104(e) of CERCLA, outlining
the authority of Ecology & Environment, Inc., to conduct inspections for
the U.S. EPA, taken from Environment Reporter, published by the Bureau
of National Affairs, Inc., Washington, D.C. 20037, February 24, 1989,
71:0710-0712. So you have a better understanding of the questions we
need to ask, I have also attached a copy of the site inspection form.

If you require additional information or if a change in plans is neces-
sary, please do not hesitate to call me.

Sincerely,

Stanley A. Senger
